

Concare
SOLUTIONS

Shine Solution

FINISH ENHANCER

DESCRIPTION

Bring back your floor's brilliance with **Concare's Shine Solution**, a specially formulated system restorer. **Shine Solution** can be sprayed or mopped on for a "wet look" gloss, or used in automatic floor scrubbers to renew luster in large areas. With its innovative blend of polymers, plasticizers and optical brighteners, **Shine Solution** is non-yellowing, non-marking and exceeds slip resistance standards. It also extends the life of your resinous floor, saving you time and money.

APPLICATIONS

Burnishing and High Speed Buffing Programs
Low Speed Spray Buffing
Automatic Floor Scrubbers

FOR USE IN:

Schools and Institutions
Shopping Malls & Retail Stores
Office and Commercial Buildings
Airport Hangars
Government Buildings
Warehouses
Aisles and Resinous Floors
Terrazzo Floors

DIRECTIONS

For Spray Applications - Dilute 1 part **Shine Solution** with 2 parts water. Use conventional spraying methods and apply a fine mist in front of the burnisher/buffer.

For Mopping Applications - If working on an area that is excessively soiled, a neutral cleaner should be used, and the area damp mopped. Dilute 1 part **Shine Solution** with 5 parts of water. Damp mop surface and let dry. This area may be burnished with high speed machines immediately after it dries. A quality high speed polishing pad is recommended.

For Automatic Scrubbers - Dilute 1 part **Shine Solution** with up to 20 parts water and add to a clean solution tank in automatic scrubber. Scrub floor in normal fashion picking up solution with automatic scrubber squeegee and vacuum. Floor can be buffed for higher gloss and appearance.

CHEMICAL & PHYSICAL PROPERTIES

Form..... White opaque emulsion
Scent..... Neutral
Color of Dried Film..... Clear non-yellowing
Slip Resistance..... When buffed, exceeds 0.5 coefficient of friction. Meets or exceeds ASTM D2047
Freeze - Thaw Stability..... Passes 3 cycles
Recoatibility..... Excellent
Removability..... Excellent
